Dear Mr McKenna

Re: The National Grid Electricity Transmission plc (Scotland to England Green Link 2)
Compulsory Purchase Order 2023

Our Client: James Herbert Tennant
Client's Address: Manor House Farm, Fraisthorpe, Bridlington, East Yorkshire, YO15 3QT
Plot Ref.: 41/1162, 41/1161, 43/1172, 43/1174, 43/1180, 43,1181, 44/1186, 44/1190,
44/1192, 44/1198, 44/1204, 44/1205, 44/1206, 44/1207, 41/1161a, 41/1162a,
43/1174b, 43/1175, 44/1207

This letter is submitted on behalf of our Client in objection to specific rights and plots of land being included within The National Grid Electricity Transmission plc (Scotland to England Green Link 2) Compulsory Purchase Order 2023 ("the CPO").

Below is a list of the plots, of which our Client is the Freehold Owner, and rights proposed to be acquired under the CPO which our Client wishes to lodge an objection to:

43/1174 – Acquisition of Access Rights and Temporary Access Rights
43/1174b – Acquisition of Access Rights and Temporary Access Rights

We have been informed by representatives of National Grid Electricity Transmission Plc ("NGET") that rights over the above plots are primarily required in order to facilitate early entry construction access in the event that NGET's appointed contractors choose to carry out directional drilling under The Earl's Dike prior to the main cable installation works.

To date we understand that contractors have not been appointed by NGET and that detailed design has not been carried out because of this. It therefore does not seem appropriate for NGET to seek

Tel: 01377 253456
www.ullyotts.co.uk

rights under the CPO which they may not require and which will then permanently burden our Client's land unnecessarily.

For the above reasons our Client wishes to object to the inclusion of rights over plots 43/1174 and 43/1174b in the CPO.

I trust that you will fully consider the above objection as part of the CPO examination process.

Yours faithfully
