Subject: 20230914 Objection to SEGL2

Dear [REDACTED]

We are in receipt of paperwork from Carter Jonas on behalf of the National Grid Electricity Transmission PLC.... The Strand, London
Dated 11 September, 2023 - Wansford Trout Farm Company has been served a Statutory Notice that a CPO has been made against us.

We are writing to FORMALLY OBJECT to this CPO.... As advised in the documentation within 30 days.... By 10 October 23.

EGL2 have not responded to the last two emails we have sent them.... In fact completely ignored us since. This whole process has been handled so badly..... it clearly now looks like they have no intention of handling their task competently -

We would ask that you uphold this OBJECTION to the CPO and look into the actions of the Agents acting on behalf of EGL2 - as it would seem they have created this Legal action totally unnecessarily !!!!

Please confirm receipt of this email - Thankyou.

Kind regards

Director
Wansford Trout Farm Ltd

Subject: Fwd: Wansford Trout Farm.... OBJECTION part 2 email... ref 35/990B -

Part 2 - This refers to the Agents comments.... Which are totally misleading !!!!! There has been no "VARIOUS" engagement or discussion with ourselves or indeed our Agent at all !!!!!

They have made no attempt to follow up or reply to their written offer of £1000 Our reply to this token figure was ignored by them on two occasions ! So how do they hope to reach an Voluntary Agreement on behalf of the NGE2 when they haven't done what they state on their report attached below ???

Thankyou,

Kind regards
