

## Construction works near Barmby on the Marsh and Asselby – May and June 2026

As a neighbour of our EGL2 project area, we are writing to inform you that we are carrying out construction works near Barmby on the Marsh and Asselby. **This will involve a section of Barmby Road being closed to traffic.**

We will be installing a bellmouth – a bell shaped entrance to a track or road from the public highway to allow vehicles to enter and exit safely.

The bellmouth will be installed for our haul road just off Barmby Road.

The haul road, a temporary carriageway for transporting materials, machinery and people during construction, will facilitate the installation of cables and the delivery of resources along the wider cable route.

### Traffic management near Barmby on the Marsh and Asselby

To complete the bellmouth installation, a section of Barmby Road will be closed to traffic. Vehicles requiring access past the closure may experience a slight delay while the area is made safe.

This is expected to be in place from **Thursday 28 May for a week.**

The works to install our underground cable are being led by our contractor partner:

## EGL2 Yorkshire Local Community Fund

The EGL2 Yorkshire Local Community Fund is now open for applications.

Our fund supports impactful projects in communities near to our EGL2 project in Yorkshire, with grants available across a range of areas.

For more information and to check eligibility please visit:
