

Construction works near Gransmoor – May 2026

As a neighbour of our EGL2 project area, we are writing to inform you that we are carrying out construction works near the village of Gransmoor.

Last year, we installed a bellmouth - a bell-shaped entrance that connects a track or road to a public highway, allowing vehicles to enter and exit safely. We now need to carry out additional minor repairs to this.

The bellmouth serves our haul road just off Gransmoor Lane. The haul road, a temporary carriageway for transporting materials, machinery and people during construction, will facilitate the installation of cables and the delivery of resources along the wider cable route.

For more information on EGL2, including project timelines, please see our website at: easterngreenlink2.co.uk

Traffic management near Gransmoor

To carry out this work, a road closure will be in place, including a signed diversion via Gransmoor Lane. The closure will remain for the duration of the works, which are expected to take place from **Friday 8 May for a period of two weeks**.

 Road closure  Diversion  Bellmouth

The works to install our underground cable are being led by our contractor partner:

EGL2 Yorkshire Local Community Fund

The EGL2 Yorkshire Local Community Fund is now open for applications.
