

## Construction works near Bursea Lane Ends – May 2026

As a neighbour of our EGL2 project area, we are writing to inform you that we are carrying out construction works near Bursea Lane Ends. **This will involve temporary traffic lights being installed on Howden Road.**

We will be installing a bellmouth – a bell shaped entrance to a track or road from the public highway to allow vehicles to enter and exit safely.

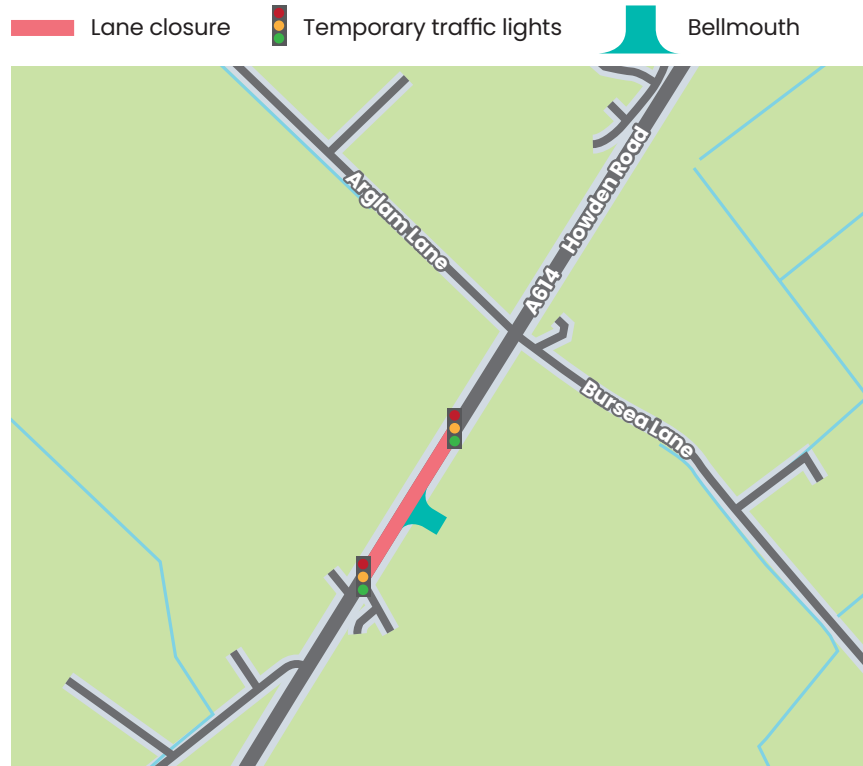

The bellmouth will be installed for our haul road just off Howden Road.

The haul road, a temporary carriageway for transporting materials, machinery and people during construction, will facilitate the installation of cables and the delivery of resources along the wider cable route.

### Traffic management near Nafferton

To complete the bellmouth installation, temporary traffic lights will be installed on Howden Road. A lane closure will be in place for the duration of the works.

This is expected to be in place from **Friday 15 May for a week.**

The works to install our underground cable are being led by our contractor partner:

## EGL2 Yorkshire Local Community Fund

The EGL2 Yorkshire Local Community Fund is now open for applications.

Our fund supports impactful projects in communities near to our EGL2 project in Yorkshire, with grants available across a range of areas.

For more information and to check eligibility please visit:  
<https://localgiving.org/egl2-local-community-fund>

## Thank you

Thank you from everyone working on EGL2 for your patience as we start to build our nationally significant project.
